To Whom This May Concern:

I am very amazed at the way THE MICHIGAN SUPREME COURT is doing ASBESTOS VICTIMS.

My husband worked at FORD-ROUGE STEEL for 42 years. He was exposed to ASBESTOS for years. He has had several operations. His left jaw bone has been removed. His left eye has a plate in it. My husband, myself and our eight {8} year- old adopted son is still suffering from the damage ASBESTOS has, have, and is still causing. As a family we would love to come and speak with you in person.

Yes, Mr. Dennis Archer, my husband, and I helped to elect you (MAYOR of the City DETROIT). Never would we think that you would be a part of the travesty of taking from long-time workers in favor of the huge corporations.

You can contact me, Shirley Wells at 2300 West 40th Ave, Pine Bluff, Arkansas 71603.

The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable.
